

# The Village Voice

August 2015

Summer will begin to wind down before long, and we are hoping that there will be more sunny days than rainy days, before fall. The rain has slowed some of the outside construction, as well as the redesign and paving of our parking areas, but the grounds around Westminster, where there isn't construction, look beautiful. The grass is greener, trees are full and the flowers are blooming with their pretty colors. There is always a silver lining!

## Construction Corner

The *Topping off Ceremony* for the placement of the final steel beam for the new *Rehab-to-Home Neighborhood* took place on July 9<sup>th</sup>. Construction should go at a faster pace now that the steel framing is in place. In the new *Assisted Living*

*Neighborhood* the walls are painted, sconces and ceiling lights are in and the hall ceilings are being enclosed. Carpeting will be laid when all the finishing work is completed. Residents should be moving into their new Assisted Living apartments soon. Wallpaper is being hung in the new Event Hall and newly renovated restrooms.

## Senior Free Admission Day at Minnetrista

The Westminster sponsored *Senior Free Admission Day*, gives seniors an opportunity to visit Minnetrista, tour the museum and attend various programs, at no cost. Westminster encourages people to visit Minnetrista, one of Muncie's finest treasures. On Wednesday, August 19<sup>th</sup>, at 10:00 am and 2:00 pm, seniors are invited to visit with the Minnetrista education staff as they practice bead making in the Education Center. Then the visitors will participate in a discussion on the local glass industry and Glass Boom Era.

## Colts Training Camp

An August activity that residents thoroughly enjoy is a trip to Anderson for the *Colts Training Camp*. The Colts Management provides

Westminster residents with a special seating and golf cart service. Residents will be decked out in their Blue & White and cheering on their favorite Colts players!

### August Activities

There are several exciting activities planned in August that complement the weekly musical programs, shopping, and games. Residents will attend an old fashion *Ice Cream Social* hosted by First Merchants Bank. The *Lunch Bunch* will be dining out at Cammack Station and Wick's, in Winchester, where they will tour the pie making facility following lunch. Many residents are continuing to find new things that their electronic devices can do, every month at the "*Tips and Tricks for Your Smartphone or Tablet*" class. Residents will be touring the BSU Orchid Greenhouse and there is a White Elephant Auction scheduled. Residents always enjoy "*Flavors from your Kitchen*", where one of the Westminster kitchen staff prepares a new item for residents to sample and critique.

This summer we are experiencing more move-ins than ever before and our wait list for who wants to move in this fall is continuing to grow. If you want to hear about all the exciting things happening at Westminster Village, call Judi or Melody at 288-2155, for a tour.
