

VILLAGE VOICE

May 2023

May is recognized as Older Americans Month!

May is recognized as Older Americans Month, a time to honor and celebrate the contributions and achievements of older Americans. This month-long observance has been recognized since 1963 and serves as an opportunity to raise awareness of important issues affecting seniors and highlight resources available to support healthy aging.

The theme for Older Americans Month 2023 is "Communities of Strength", which recognizes the important role that communities play in supporting and empowering

seniors. This theme emphasizes the importance of building strong, inclusive communities that support seniors and enable them to age with dignity, respect, and independence.

Older Americans Month provides an opportunity to recognize the diversity and unique needs of seniors in our communities. It is a time to celebrate the rich cultural traditions and contributions of older adults and honor their continued strength and resilience.

Throughout the month of May, communities across the country will host events and activities to support seniors and raise awareness of important issues affecting older Americans. These events may include health fairs, educational workshops, fitness classes, social gatherings, and volunteer opportunities.

In addition, resources and programs are available year-round to support healthy aging and empower seniors to live their best lives. These resources may include healthcare services, transportation assistance, home modifications, meal delivery programs, and caregiver support services.

As we recognize Older Americans Month, it is important to remember that seniors are valuable members of our communities and have much to contribute. By supporting and empowering older Americans, we can ensure that they continue to thrive and remain active participants in our society.

In conclusion, Older Americans Month is a time to celebrate the contributions and achievements of seniors and raise awareness of important issues affecting older Americans. By building strong, inclusive communities that support seniors and provide resources for healthy aging, we can empower older Americans to age with dignity, respect, and independence. Let us take this opportunity to recognize and honor the unique needs and contributions of seniors in our communities.

SWAN WATCH 2023

The residents and staff at Westminster Village are patiently waiting for Bonnie's eggs to hatch. Bonnie has been a good mom, and Clyde protects her and the eggs. We should be getting 8 cygnets before long. If you would like to stay up to date and see them when they hatch, you can follow our Facebook page, Westminster Village Muncie.
