## Westminster Village Resident Spotlight

*“I have lived at Westminster Village almost one year, having moved here from Las Vegas. I really like Westminster because I feel safe and protected. I know that in the future, as I age, I will be cared for and my children are secure in my care, as well. One of my favorite memories is the entire Christmas season at Westminster. The decorations, parties, programs, and all the Christmas trees make everything so special. One activity that I enjoy doing is watching the swans. It is so nice to be able to sit outside on the deck or in the gazebo and watch the swans. Are you considering a move to Westminster? They truly do treat you as family, always with kindness and dignity. There are events on and off the premises, scheduled continually, with programs of music, movies, history, Bingo, and more. Westminster Village is important to me and those around me, for the care they give to all, including residents, staff, and care of the building and grounds – all show love and pride of purpose.”*

**Connie Van Malkenhorst** was a lifelong resident of Southern California. Her career background was in building material distribution, sales and management for a national company. Connie retired to Las Vegas, where she lived for twelve years before selecting Westminster Village from a list of communities that she highly researched. She has five children, with their partners, and fifteen “grands”, that make up her family. She loves Indiana, Westminster Village, and all the residents that she has met or will meet. Connie loves to wander the building with all of its artwork, different shops, and the wonderfully landscaped grounds – so beautiful!

### CCRC Living – Fact vs Myth

**Myth:** “I should wait until I have a health issue.”

**Fact:** “In Marketing at Westminster Village, we hear this all the time.

We want people to come and enjoy our senior living community versus entering the community when there is a crisis and your choices are limited. You gain opportunities to live a healthier life when you move
