Westminster Village Resident Spotlight

“In June of 2019, God opened the door for a new chapter in our lives: from Halteman Village to Westminster Village. We are so happy we chose Westminster to be our new home. It is quality living, so beautiful, clean and well cared for. We have all the amenities and comforts of our large home, without the upkeep and lawn maintenance. How beautiful to sip your coffee while watching the snowflakes float by your window and know that you don’t have to shovel that snow. Living at Westminster is so easy – everything you could want or need is available. The Administration and staff are so

*congenial, kind and willing to help whether it be just a question or to help with your thermostat, squeaky door or leaky faucet. The library is well appointed and very well organized, with so many options to choose from. We’ve been impressed with the quality and cleanliness of the laundry facilities – with the added bonus of them being just off the elevator. Our very special gem of enjoyment has been the beautifully groomed outdoor lawn, walkways, gazebo, and pond. Watching the swans glide along is so peaceful and calming. We have enjoyed meeting community acquaintances from past years and making new friends here. We especially enjoy our meals and fellowship in the beautiful dining rooms. The dietary staff are so special. They go out of their way to get to know us, using our names and learning our personal preferences, always striving for that extra special detail. With the wonderful gospel music programs (our favorite) and beautiful decorations each season, sometimes it feels like we’re on a cruise ship. Our children all have peace of mind and don’t worry about us because they know we are cared for. We feel so blessed and privileged to have found our “special senior home” at Westminster Village. – **Charlie and Peg Evans** were both born and lived a lifetime in Muncie. They both attended Riley Elementary, McKinley Jr. High, and Muncie Central High School. Following high school, Charlie joined the Army and proudly served in the European Theatre. Upon returning from Europe, Charlie went to work for the StarPress, 4 years in an apprenticeship, then printing the newspapers for 52 years, retiring in 1998. Peg worked as a bank teller until she stayed home with her children. In later years, to enjoy her love for working and greeting people, she worked as a receptionist for Heritage Hall Christian School, Dr. Alan Lenig, OD, Minnetrista Cultural Center, American National Bank and Ball State, retiring in 2007. Charlie and Peg have been married for 52 years. They have 5 children, 10 grandchildren, and 7 great grandchildren. They are members of Grace Baptist Church.*

CCRC: Myth or Fact

Myth: *“I’m not ready yet – I’m not moving until I have to!”*

Fact: Waiting too long can be a mistake. So many times we hear our residents say they wish they had made the move to Westminster sooner. If you wait too long it may get to the point that the decision is made for you and then you are placed somewhere that possibly wouldn’t have been your first or even the best choice. Don’t wait too long! Your future is YOUR choice.

You want to move to a CCRC while you can enjoy all the benefits that it has to offer and knowing that your future needs will also be met. So what are you not ready for?

COVID-19 Vaccines Given

There was an excitement in the air on Monday, January 11th, as 232 residents and staff received their first COVID-19 vaccination. CVS will return in 28 days (February 8th) to provide the second of the two doses that are required for the vaccine. They will also give the first dose to those who missed their chance on the 11th. Everyone has been looking forward to this day for quite some

time. We are thankful and blessed that, as a resident or healthcare worker, we are some of the first to receive this

opportunity to be vaccinated. We want residents and their families to be able to return to a sense of normalcy with shared meals, live events and daily moments of physical connection, for staff and residents alike. We know we still have a journey ahead of us before we get there, however, this was a giant step toward that goal. We have been living with infection control restrictions since March 2020. We now have a vaccine that is providing hope for the future!

Westminster Has Variety Of Floor Plans

Did you know that Westminster Village has a variety of floor plans, in

many different sizes, including larger apartments?

The Combo apartments are 815 square feet and come in a 1 or 2 bedroom floor plan. The Deluxe Suites are 1,046 square feet and have 2 bedrooms, each with bathrooms. We have larger kitchenette apartments ranging from 1,150 square feet and 1,300 square feet. Call Tyler or Melody to schedule a tour.

If you would like to opt out of this newsletter, please call Melody at 288-2155.
